Hello
ADITYA APTE

(+91) 8600017220

aditya02.apte@gmail.com

Skills

- **React and Redux**
- **Nodejs**
- **Java**
- **Machine Learning**
- **Computer Vision**
- **Python**
- **MongoDB**
- **Git And Github**
- **Firebase**

Experience

July 2020-January 2021

Customore Interactive Solutions Pvt Ltd , Role – *Full Stack Developer Intern*

- Worked to build a business communication platform using the concept of Progressive Web Apps.
- Worked hands on with different technologies like Nodejs, ServiceWorkers, React,IndexedDB, Firebase.

July 2021 - August 2021

Celebal Technologies Role– Machine Learning Intern

- Worked on building an optical vision based text scanner using opencv and flask.

Projects

1. Built an Android app for Direct to Consumer E-Commerce Platform For Farmers with Image Classification using Tensorflow

Github Link: https://github.com/AdityaApte02/E_Commerce-App

2. Built a flower Classification model using transfer learning that is trained using an Inception net.

Colab Link:
https://colab.research.google.com/drive/1P-e7fqe6ZYtO3fZIm5x1wgFbAdxVHhQD

3. Created a Simple Banking Application using core Java and JavaFX

Github Link: https://github.com/AdityaApte02/JAVAFX_Banking-System

Certifications

1. Neural Networks and Deep Learning By DeepLearning.AI

Certificate:

https://www.coursera.org/account/accomplishments/verify/6Q8AZJFP4LF9

2. Structuring Machine Learning Projects By DeepLearning.AI

Certificate:

https://www.coursera.org/account/accomplishments/verify/KLL9XWLGPT8P

3. Introduction to TensorFlow for Artificial Intelligence, Machine

Certificate:

https://www.coursera.org/account/accomplishments/verify/W68D8F37P2DA

4. Convolutional Neural Networks By DeepLearning.AI

Certificate:

https://coursera.org/share/dc07d7e61aac9949104f09ff4bb56ef0

Education

Sr.No	Institute	Board	Percentage
1	Sevasadan English Medium School	SSC	92.8
2	Abasaheb Garware College	HSC	91.3
3	Pune Vidyarthi Griha's College of Engineering and Technology	Savitribai Phule Pune University	9.28 cgpa
